# Tangmere Strategic Development Location

## Invitation to Community Consultation - September 2019

Countryside Properties is working in partnership with Chichester District Council and Tangmere Parish Council to deliver the Tangmere Strategic Development Location (SDL) which will see the provision of new homes and infrastructure to meet the community's 'One Village' vision for the village.

As part of its commitment to engaging with the local community, Countryside held a series of drop in sessions in June 2019 to share and discuss the initial proposals for masterplanning the SDL's new homes, new primary school, significant new areas of open space and community facilities. We would like to thank those members of the community who attended these drop in sessions, and those who have already shared their feedback on our emerging plans.

We would now like to hear more of your thoughts on a number of key issues for the evolving Masterplan. We will be holding a community consultation event on **Thursday 26th September**, detailed overleaf, and coming along to Tangmere Village Fair to hear your views and answer any questions you may have.
